Exposome Austria

Symposium & Open Stakeholder Day 2025

Mark your calendar for September 23, 2025!

Exposome Austria invites to its “Symposium & Open Stakeholder Day” bringing together researchers, medical experts, and policy makers dedicated in their work to the intersection of human health, environment and chemistry.

Be part of this dialogue driving the global shift from traditional medicine to more proactive, personalized and preventive healthcare. Do not miss this transformative event. Learn what services the Exposome/EIRENE Austria ESFRI Research Infrastructure can offer.

Have your say in what will be needed in the future!

Why Attend?

- Connect with leading experts across exposomics-related disciplines, incl. analytical chemistry, metabolomics, paediatrics, epidemiology, toxicology, cancer research, environmental and one health.
- Get informed and join the community, taking part in building a sustainable Austrian exposomics framework and the first European ESFRI Research Infrastructure for exposome research.
- Keynote lecture and presentation of results from best-practice demonstrator projects. Ample room for networking with key stakeholders, from academia, industry, and the governmental sector.

Venue

campus HORN*, Lower Austria

* Need a ride? We can arrange a shuttle from Vienna upon request -- just let us know in your registration!
